BEAUTY

True beauty radiates from the inside out. And this is the central focus of the Swiss brand's credo, which espouses a holistic approach to the Science of Beauty. Turnkey solutions, a unique vision of beauty offering premium care and treatment born of a judicious combination between the best of modern technology and natural ingredients with powerful properties. L.RAPHAEL invites you to opt for a healthier, more balance lifestyle geared to enhancing wellness both outside and within. The philosophy of L.RAPHAEL is based on seven foundations of beauty – a holistic, multi-dimensional and personalised approach to beauty that incorporates medical treatment, nutrition, physical activity, aesthetics, age management, stress management and leisure. A cheerful mind and a happy heart are the essential ingredients for feeling and looking good. Nice programme, eh?

Besides its internationally recognised range of care products, especially in the anti-aging category, L.RAPHAEL also operates a worldwide network of spas offering five-star service to the most demanding of clientèle. L.RAPHAEL's luxury spas are located in the centres of the world's most prestigious cities,

including Geneva, Cannes, New York, Beverly Hills and Tel Aviv, forming part of the most prized luxury hotels in every part of the globe: names such as Four Seasons and Hotel Martinez should suffice to give you an idea of what we're talking about. These spas offer state-of-the-art care combining the best of modern technology with tried-and-tested traditional therapies. Definitely worth the trip.

But that's not all: the Swiss brand is also a byword for home spa design, meaning that it can deliver your custom spa to your doorstep and install it wherever you want - in your home, yacht or private jet - to further enhance your comfort and well-being. The goal: get together with the customer to design their dream spa. That way, the L.RAPHAEL teams will ensure that you continue to benefit from the best care treatment and expertise the brand has to offer, without stepping outside your door. A unique experience.
